TURBOTARP2™

PULL-STYLE TARP SYSTEM

D002FL-0819

STANDARD FEATURES

- "Tarp-Locking" Cab-Level Crank
- Machined UHMW End Caps
- Aluminum Roller Bar with Tarp Spline Groove
- Heavy-Duty Bearings
- Standard Tarp Guide
- Adjustable Width from 60" to 104"

SIMPLE, AFFORDABLE AND LOW MAINTENANCE

TurboTarp2™ expands from 60 to 104 inches to fit any body width and can be bolted or welded on, and fits your truck right off the shelf. The perfect choice for landscapers and other light-duty bodies, this system comes preassembled and installs quickly and easily. It features an extremely durable extruded aluminum tarp roller bar and a splined tarp groove in the roller tube for faster change-outs. A foldaway handle locks the system - no strap required! An available option is a complete pull-bar assembly.

Kits contain hardware only. The TurboTarp2™ can be teamed with any type of tarp material, including asphalt and waterproof tarps with flaps. Replacement tarps are readily available.

FITS BOXES & TRAILERS - UP TO 23'

Complete system part numbers with options.
