

## FABRIC MATERIALS

### VINYL TARP

Shur-Co® offers tarp material options that meet customers' needs. We test fabrics for tear strength, abrasion resistance, coating adhesion, stitch and seam strength, cold flex and wind whip in order to create suitable covers.

Our vinyl tarps are engineered to exceed Shur-Co's® extensive performance criteria. The 18-oz. or 22-oz. PVC-coated high-tenacity polyester material will not rot, shrink or stretch and offers unparalleled adhesion (to reduce wind whip), color match and colorfastness. This is the best PVC-coated fabric from anywhere in the world. We have used tens of millions of yards in multiple applications, and it outperforms all others. These covers are also constructed with heat-welded seams in the main body of the cover for a double thickness that creates a waterproof environment.

STANDARD COLOR: **PREMIUM COLORS:** (Includes a 15% up-charge)

Our fabric is the most consistent in color year to year. We do not guarantee exact color match from cover to cover. (Occasional sheen variation can create the appearance that color slightly varies.) The above colors may not reflect the exact tarp color.

### FLASH™

- Extruded Aluminum Roller bar w/Side Plates
- Aluminum High-Gloss Pivot Arms
- Assembled Housings for 38' and 41' Trailers - Option for 23'

### ARM-MATIC™

- Tarp Spool w/Aluminum Housing - 98" and 104"
- Tarp Spool Braces w/Side Plates
- Galvanized Steel Crossover Bar - 1-Piece
- High-Mount Compatible

### BULLET™

- Extruded Aluminum Roller Bar w/Side Plates
- Polished Aluminum 2-Piece Adjustable Pivot Arms
- Durabuilt™ Motor w/3-Year Warranty

### HAMMER™ II

The Hammer™ II provides one-size-fits-all styling for dump bodies up to 23'. Strong 1 1/2" diameter round "easy-off" pivot arms and flat coil torsion springs provide smooth, powerful operation.

- Tarp Spool w/Side Plates
- Extruded Aluminum Roller Bar
- 1.69" Round Arms, 2-Piece
- High Mount Compatible

### 5000X

The most popular line of economical, yet dependable, front-to-rear tarp systems. The 5000 Series is available in a wide variety of models, by cab or ground-level manual crank or Durabuilt™ direct-drive motor.

- Tarp Spool w/Side Plates
- 1 1/4" Square Arms, 2-Piece
- High Mount Compatible

### SHUR-TRAK™ II

Fully deployed, the standard tarp-over-rail design gives coverage several inches over the side rail to shed water.

- Low Friction & High Strength
- Motor Options Available
- Reduces Binding
- Tension Adjustments Made Easy
- Reduces Tarp Stress & Sagging
- Remote Options Available

### DURAPULL™

The Durapull™ is a spring-return pull tarp system engineered to be rugged and reliable.

- 12-Gauge Galvanized Steel Housing
- Spring-Loaded Tarp Spool
- Steel Mounting Strip - Standard w/Steel Kits
- Aluminum Mounting Strip - Standard w/Aluminum Kits
- External Spring Tension Adjustment
- Tension Ratchet

### 2000SR

The 2000SR is a spring-return pull tarp system with adjustable width tarp housing and roller (84" x 100").

- Tarp Spool w/Side Plates
- Adjustable Width Steel Housing - Standard for P/N 1800047
- Aluminum Pull Bar
- Armless Spring Return
- Adjustable-Width Roller Bar
- External Spring Tension Adjustment

### UT TARP SYSTEM™

UT Tarp System™ ships with a pre-assembled crank handle. The width of the system can be set from 86" - 104" right out of the box.

- "Tarp-Locking" Crank Handle
- Molded HDPE End Caps
- 3-Piece Adjustable Width Aluminum Roller Bar
- Heavy-Duty Bearings
- Adjustable Width from 86" - 104"
- Tension Ratchet

### IRONSIDE2™

Featuring a 3" alum. roll tube with reinforced splicing, the arms are constructed of 2" 14-gauge steel tubing for maximum durability.

- Patented Dual-Pivot Design Ensures Long Motor Life
- Low Profile Motor Design to Accommodate All Sizes of Side Dump Trailers
- Reinforced Roll Tube

### 4500 SERIES HD

The 4500 features an American-made motor with an all-metal gearbox and a reliable magnetic brake! Heavy-duty extruded aluminum torsion arms are equipped with durable elbows.

- Spiral Spring Returns
- HD Mounting Bracket
- Dual-Pivot Motor Mount
- Sealed Control Box
- Custom Motor Shroud

### SUPER DUTY SHUR-LOK®

Provides watertight dependability, for increased production and less downtime because more loads means more profit.

- High-Lift End Gates
- Shur-Flex™ Crank Arm
- Durabow™
- Turning Point™ Bow System
- Flexible Easy-Off Tarp Stop
- Shur-Return™

### ELECTRIC TURNING POINT™ BOW

- Engineered for Harsh Conditions
- Automatic Overload Slip Clutch
- Locking Skid Plate
- Bow Actuator
- Actuator Brake

Turning Point™ Bow also available.

### VALUE SERIES ELECTRIC

- 90° Worm Gear Motor
- Pivot/Slide Arm Design w/ Versatile Mounting Options
- Rocker Switch in Cab or Remote Controls
- Bungee Return System
- Exposed Spline

### PROTRAP® 350

Pair your 4500 Series HD with the ProTrap® electric hopper opener. It slides hopper doors open and closed with the touch of a button.

- All-Metal Gear Motor
- Automatic Brake (Holds Door)
- Universal Mounting Bracket
- Shurlink PRO™ and EZR™ Remote

Available in 150, 250 and 350 torque.

No matter what you're hauling, rock, wood chips or sawdust, our products are the best option to keep your loads protected and secure. Each product offers unique features to produce the best results during travel. For more information on all products, visit [www.shurco.com](http://www.shurco.com).
