SMART REMOTE TO ShurLink™ REMOTE (TX) COMPARISON

As an innovator in the tarping industry, Shur-Co® has a long-standing tradition of engineering, manufacturing and selling the most advanced products on the market. This tradition continues with the introduction of the ShurLink™ Wireless System. In July 2023, our ShurLink™ series will replace our line of SMART remotes, staples in the Shur-Co® product family. With this change, Shur-Co® is discontinuing the SMARTransmitter®, including the SMART2™ and SMART3™, line of remotes and replacing them with the more advanced ShurLink EZR™ and ShurLink PRO™ remotes (TX's). See below to compare the features of the new ShurLink™ remote series.

ShurLink EZR™

ShurLink PRO™

ShurLink™ WIRELESS SYSTEM

The all new ShurLink™ WIRELESS SYSTEM, offered exclusively from Shur-Co®, introduces innovative, new properties while retaining your favorite features from its predecessor, the SMARTransmitter® series. ShurLink™ Wireless System is replacing the SMART2™ and SMART3™ remote with two new remotes (TX's), the ShurLink EZR™ and ShurLink PRO™.

Based on the most advanced industrial version of Bluetooth technology, ShurLink™ delivers greater reliability and range to tarping application. The EZR™ and PRO continue to offer Shur-Co's best-in-class Express operation allowing for the simple single-touch control you have become accustomed to. Give us a call and order yours today!

- The ShurLink™ system introduces two new water-tight receiver (RX) enclosures and two new remotes. ShurLink™ utilizes a single communication platform for all devices allowing the new family of receivers and remotes to conveniently operate nearly every application.

- A new phone app brings the ability for customization and configuration to your ShurLink™ system. The app will be available for both iOS and Android.

- EZR™, PRO, and the app all use the same ShurLink™ Wireless System making it easy to mix and match any combination of remotes, the app, and receivers on a single trailer or train.

SHURCO

ShurLink EZR™
WIRELESS REMOTE

Remote images NOT actual size.

- The SMART3™-style remote
- Low-cost option
- Simple two-button control
- Pair up to five receivers/accessories
- Two AAA batteries that are easily replaceable
- Longer battery life than SMART3™
- Longer range than SMART3™
- Patented lid prevents accidental button operation and powers down remote when closed to preserve battery power
- No screen display
- No two-way communication with receivers/accessories

NEW STYLE RECEIVER (RX) ENCLOSURES

TWO-PIECE SOLENOID ENCLOSURE
- High-performance plastics with proven cold weather performance
- Watertight seal integrated into cover piece
- Unique two-piece cable seal (no more grommets) for easy wiring out back or bottom of enclosure
- Same mounting hole pattern as previous enclosure design for an easy upgrade

MINI-MODULE STYLE ENCLOSURE
- Receiver (only) enclosure
- Proven cold weather performance
- Only slightly wider than old mini-module housing
- Water resistant
- New button layout

Two-Piece Solenoid Enclosure

SHURCO

ShurLink PRO™
WIRELESS REMOTE

- Six button remote
- Internal Li-Po battery with improved capacity and battery life
- Charging cradle via USB type-C
- Provides tarp or trap position feedback (encoder applications)
- Set end stops and two mid stops via the remote
- Longer range than SMART2™ and SMART3™
- Organize your paired devices on separate pages to avoid accidental operation of a device
- Customize your channel descriptions via phone app
- Patented lid prevents accidental button operation and powers down remote when closed to preserve battery power
- Daylight visible, 1.7" color screen display
- Reduced size (from SMART2™) for easier handling and operation
- Real time two-way communication with receivers/accessories

Images to Scale.

RECEIVERS (RX'S)

SELECTION OF RX'S FOR ALMOST ANY APPLICATION
- Tarps (4500HD, Ironside™, Tater-Top™, APEX™, etc)
- Hoppers (ProTraps®, AutoTrap™, MaxxTraps™)

NEW AUXILIARY RX
- Secondary inputs for customer system inputs or remotely wired buttons
- Secondary outputs to control hydraulic pumps, lighting, and more

NEW POWER RX
- Up to twenty amp outputs to control high power devices.

ShurLink™ APP

ShurLink™ RECEIVERS (RX'S)
- Customize your device and operation descriptions
- Adjust stall torque, opening and closing - Express mode, enable and disable
- Adjust timed lockout
- View your RX's total run-time
- iOS and Android

ShurLink™ TRANSMITTERS (TX'S)
- ShurLink Pro™ and EZR™ - Adjust the sleep timer
